Inspiring the next generation to dream, act, and change the world.

ABOUT ME

Alessandro Concas is a visionary teen author, entrepreneur, and public speaker from Valencia, California. Kicking off his literary career at age eight, he is now the founder of EterniCat LLC, a multifaceted company dedicated to education, youth engagement, and innovation. Through his bestselling books, motivational workshops, and financial literacy programs, Alessandro empowers young people to pursue their passions and make a meaningful impact. His work extends to ambitious projects in animation and longevity research, cementing his role as a young leader shaping the future.

ALESSANDRO CONCAS

FULL BIO

Alessandro Concas's journey as an innovator began at just eight years old when he wrote his first book, 'The A to Zs of Fighting Boredom,' to spark creativity in his peers. He quickly expanded his literary world with the imaginative sci-fi series 'Life of the Time Cat,' a time-traveling adventure led by his real-life cat, Bijou.

At fourteen, Alessandro channeled his passion into entrepreneurship by founding EterniCat LLC. What began as a publishing brand has evolved into a dynamic platform for social impact. Through EterniCat, Alessandro leads motivational workshops across the country, sharing his five-step path to success and teaching critical skills like leadership, teamwork, and resilience.

His commitment to empowerment extends beyond the stage. Alessandro designs financial literacy curricula to equip kids and teens with essential knowledge about money and entrepreneurship. A straight-A student, musician, and dedicated philanthropist, he donates a portion of his proceeds to charitable causes, embedding his vision for social change into every venture.

Looking ahead, Alessandro's goals are even bolder. He is developing 'Life of the Time Cat' for animation and pioneering pet and human longevity research through his EterniPets project. Driven by boundless creativity and compassion, Alessandro Concas exemplifies what young leaders can achieve.
